

Virtuemart: How do I add/modify a product/catgeory in my Joomla-Virtuemart shop?

Joomla 1.5 & VM 1.1

1. Login to the administration panel for your website. This will usually be <http://yourdomain.com/administrator>

2. Select COMPONENTS -> VIRTUEMART from the top menu.

[Fig 1]

Fig 1

3. In the left menu, click on PRODUCTS

4. In the submenu which opens up, click on List Products

Virtuemart: How do I add/modify a product/catgeory in my Joomla-Virtuemart shop?

[Fig 2]

Fig 2

From here you can modify an existing product (click on the product's title), or you can add a new product (look for the NEW button in the top right).

You can also edit product categories by selecting PRODUCTS from the left menu, and then List Categories [Fig 3]
